1 Definitions and interpretation

- 1.1 Words appearing bold like **this** are defined in part 1 of the schedule.
- 1.2 This licence must be interpreted in accordance with the rules set out in part 2 of the schedule.

2 Grant of licence

- 2.1 The **Licensee** is licensed under Part 3 of the **Act**, and subject to the conditions set out in this licence, to generate electricity at the generating plant listed in the Annexure.

3 Term

- 3.1 This licence commences on the date it is issued and continues until:
 - (a) it is surrendered by the **Licensee** under section 29 of the **Act**; or
 - (b) it is suspended or cancelled by the **Commission** under section 37 of the **Act**.

4 Access

- 4.1 The **Licensee** must:
 - (a) in accordance with, and to the extent required by, the **Electricity Transmission Code**, grant to an **electricity entity** holding a **transmission licence** or a **distribution licence**, rights to use, or have access to, those parts of the **Licensee's** electricity generating plant that are interconnected or interface with the **electricity entity's** assets for the purpose of ensuring the proper integrated operation of the South Australian power system and the proper conduct of the operations authorised by that **electricity entity's transmission licence** or **distribution licence**; and
 - (b) in the absence of agreement as to the terms on which such rights are to be granted, comply with a determination of the **Commission** as to those terms.

5 Dispute resolution

- 5.1 A dispute relating to the granting of rights to use, or have access to, any of the parts of the **Licensee's** electricity generating plant as referred to in clause 4 shall be resolved in accordance with such **Code** (if any) as is made by the **Commission** which establishes a scheme for the resolution of disputes in relation to such rights or as otherwise determined by the **Commission**.
- 5.2 Clause 5.1 does not apply to the extent the dispute is subject to resolution in accordance with or under the **National Electricity Rules**.

6 Compliance with codes

- 6.1 The **Licensee** must:
 - (a) comply with all applicable provisions of the **Electricity Transmission Code**, the **Electricity Distribution Code** and the **Electricity Metering Code**;
 - (b) comply with all applicable provisions of any other **Code** or **rule** made by the **Commission** from time to time; and

- (c) notify the **Commission** if it commits a material breach of the **Electricity Transmission Code**, the **Electricity Distribution Code** or the **Electricity Metering Code** within 3 days after becoming aware of that breach.

7 Safety, reliability, maintenance and technical management plan

7.1 The licensee must:

- (a) prepare, maintain and periodically revise a safety, reliability, maintenance and technical management plan dealing with matters prescribed by **regulation**;
- (b) obtain the approval of the **Technical Regulator**:
 - (i) to the plan (prior to commencement of the operation of the electricity generating plant to which the plan relates); and
 - (ii) to any revision of the plan;
- (c) comply with the plan as approved from time to time in accordance with clause 7.1(b);
- (d) undertake audits of its compliance with the plan from time to time and report the results of those audits to the **Technical Regulator**, in the form required by the **Technical Regulator**.

8 System controller and AEMO

- 8.1 The **Licensee** must, following a request from the **AEMO**, provide to **AEMO** such documents and information as **AEMO** may reasonably require for the performance of its functions.
- 8.2 The **Licensee** must comply with any directions given to it by the **System Controller**.

9 National electricity market

- 9.1 At all times during the term of this licence, the **Licensee** must hold and comply with the conditions of any registration required under the **National Electricity Rules** granted by **AEMO** (or by the person responsible for the granting of such registrations under the **National Electricity Law** or the **National Electricity Rules**).

10 Information to the Commission

- 10.1 The **Licensee** must, from time to time, provide to the **Commission**, in a manner and form determined by the **Commission**:
 - (a) details of the **Licensee's** financial, technical and other capacity to continue the operations authorised by this licence; and
 - (b) such other information as the **Commission** may require from time to time.
- 10.2 The **Licensee** must notify the **Commission** of any changes to its **officers**, and (if applicable) major shareholders, within 30 days of that change.

11 Operational and compliance audits

- 11.1 The Licensee must undertake periodic audits of the operations authorised by this licence and of its compliance with its obligations under this licence and any applicable Codes in accordance with the requirements of Electricity Industry Guideline No. 4 issued by the Commission.
- 11.2 The Licensee must also conduct any further audits at a frequency and in a manner approved by the Commission.
- 11.3 The results of audits conducted under this clause must be reported to the Commission in a manner approved by the Commission.
- 11.4 The Commission may require the licensee to use an independent expert approved by the Commission to conduct audits under this clause.

12 Confidentiality

- 12.1 The Licensee must, unless otherwise required by law, this licence, a Code, or the National Electricity Rules, comply with any rules made by the Commission from time to time relating to the use of information acquired by the Licensee in the course of conducting the operations authorised by this licence.
- 12.2 The Licensee must not disclose confidential information to an intelligence or law enforcement agency unless requested to do so by an intelligence or law enforcement agency on the basis that:
 - (a) disclosure is necessary under the terms of a warrant issued under Division 2 of the *Australian Security Intelligence Organisation Act 1979* or under the terms of any other court order; or
 - (b) disclosure is reasonably necessary for the enforcement of the criminal law or of a law imposing a pecuniary penalty for the protection of the public revenue; or
 - (c) disclosure is necessary to safeguard the national security of Australia.

The Licensee may accept an assertion of an intelligence or law enforcement agency, without making further enquiry, for the purposes of paragraphs (b) and (c) above.

13 Community service

- 13.1 The Licensee must comply with the requirements of any scheme approved and funded by the Minister for the provision by the State of customer concessions or the performance of community service obligations by the electricity entities.

14 Compatibility

- 14.1 The Licensee must not do anything to its electricity generating plant affecting the compatibility of its electricity generating plant with any distribution network or transmission network so as to prejudice public safety or the security of the power system of which the electricity generating plant forms a part.

15 Compliance with laws

- 15.1 The Licensee must comply with all applicable laws including, but not limited to, any technical or safety requirements or standards contained in regulations made under the Act.

16 Switching Manual

- 16.1 The licensee must:
- (a) prepare and maintain an internal switching manual in accordance with the regulations; and
 - (b) comply with any other requirements relating to switching prescribed in the regulations.

17 Variation

- 17.1 This licence may only be varied in accordance with section 27 of the Act.

18 Transfer

- 18.1 This licence may only be transferred in accordance with section 28 of the Act.

This licence was issued by the Industry Regulator on 7 August 2000 and varied by the Commission on 16 October 2019.
