|---|------------------------|

I am writing to you in relation to the variation that has been submitted by the Cape Jaffa Anchorage in relation to a change in the supply of fresh drinking water.

As an investor in the anchorage, who purchased property under the good faith that fresh drink water would be provided, I can not begin to tell you how disappointed I am to see this variation and the potential impact this will have on my investment within South Australia.

Prior to purchasing this property we completed an extensive amount of research, only wanting to purchase in an estate whereby all services were provided. Had we been made aware that this may have occurred we wouldn't have purchased here at all.

Therefore we request that the commissioner does not allow this variation to be approved, as we are certain we are not the only people who are incred bly disappointed in this application but also the manner in which this situation has been handled - only being informed of this today!

Regards

Fiona Meager & Debra Brown
