The following information has been submitted from the ESCOSA:

Project Title:	Water Retail Variance application - Cape Jaffa Anchorage Essential Services
Date:	Nov 29, 2021
Author type:	Individual
First Name:	Julie
Last Name:	Worthley
Organisation:	
Email:	████████████████████

It is the Commission's practice to treat submissions as public information, unless there is an express request from a submitter to treat the submission (or part of it) as confidential.

Is your submission confidential?:	No (My submission is not confidential)
Option to write your submission Or any comments:	<p>I strongly oppose this application as a resident of Cape Jaffa Marina.</p> <p>I was advised that ██████ would undergo necessary steps required to permanently change the water supply classification via email dated 25 November 2021.</p> <p>There was no mention in their correspondence that they had already filed this application with a closing date for push back being 3 December 2021.</p> <p>I have rain water tanks plumbed to my residence, however do revert to 'Cape Jaffa water' when my tanks empty during summer. As my contract clearly states CJAES would supply reticulated potable water we have drunk this water up until ██████ advised on 2/8/21 that is was now deemed unsafe to consume. We now find the current water treatment plant is not configured to remove fluoride. How has this happened?</p> <p>What plans have CJAES in place and what is their commitment for when the undrinkable water supply becomes unsafe for bathing, washing etc.</p> <p>To date, ██████ nor CJAES have made no effort to meet with residents and land owners face to face to discuss water options.</p> <p>This is yet again an appalling example of ██████ shirking all responsibility and taking the easy and most cost effective option for themselves regardless of their commitments to a development they are wholly responsible for.</p> <p>████████ has a lot to answer for.</p>
