

E.S.C.O.S.A

Just a note to say how much  
the pipeline with from Peterborough  
would be to the people of Ororo  
Also the brassiness. the water is  
hard for washing drinking  
also gardens. "

Not all can have rain  
water tanks.

I found terrible hard bringing  
up a family so I think it is  
time we had some good  
water.

I have lived here all my  
long life I would like to  
see it before my life come  
to an end.

Citizen of Ororo
