**Subject:** Orroroo Water Quality Improvement Project

23rd March, 2016

Attention : ESCOSA & SA WATER  
Subject : Orroroo Water Quality Improvement Project

From : Mrs. Cheera Moody & family

Dear Sir/Madam

My name is Mrs. Cheera Moody, my husband is Mr. Barry Moody plus 2 sons Raymond 16 and Ryan 12 years old. We are 4 people that reside in Orroroo town. We got information from council about the Orroroo Water Quality Improvement Project. People in Orroroo are excited and the talk of the town is that we all really need Quality water here as soon as possible.

Please pay attention for positive view if SA Water support Quality Water for Orroroo.

1. SA Water can help all population in Orroroo to have healthy quality life as you would like to be healthy as well. The hospital patients, nurses and doctor really need quality water to support their activities. The school needs quality water for more than 140 people everyday of school time. Our community needs quality water, same as you & your family, mother, father & grand parents as well. We all should be able to have the same basic essential services of a reasonable standard.
2. SA Water can increase revenue by supplying Quality Water to Orroroo, the same that has been successful in Hawker as well. Quality Water in rural country towns is essential as our occupations & activities are often more difficult than the central city.
3. SA Water can help people in Orroroo, Peterborough, Jamestown, Laura, Wilmington, Pt Augusta, Pt Pirie and other towns nearby to have income by working for valuable Quality Water Improvement Project in Orroroo. You can help Government to relieve trouble of high unemployment in this wide area of SA to make a happy result for many families who really want to work.
4. SA Water can help a lot more businesses in Orroroo by giving important infrastructure that is quality water. Many wonderful things could happen in Orroroo as we have lot of quality people here.

Such as right now, we have a great quality kitchen that Government investment about one million dollars to be centre of TAFE to training here in Orroroo. No need to go to Adelaide and stay far from home for this TAFE training anymore, since we have this great quality kitchen at the Orroroo Area School. Also I am one person who have attended cooking classes here in Orroroo. It was wonderful for all of us. We have gratitude for the Government supporting us with this.

Yes, you can think wider by imaging that .. Other projects from Government or agencies can grow up here as well by your supporting important infrastructure to Orroroo. As we are a town between the eastern states and the west and north of Australia, many businesses & travelers drive through town everyday & night.

Our caravan park & hotels can create more income and even expand and build more hotels here and of course if we have quality water, we will use more water no doubt. Specially we really happy to have SA Water do their part in building infrastructure that will bring more development for Orroroo in future.

5. SA Water can create one more tourist town by supporting Quality Water Improvement Project to Orroroo same with Auburn & Clare. That will make more income and jobs for Orroroo and more revenue to SA Water as well.

As per points above that we humbly share our idea with you, that will be beneficial for SA Water to support our lovely town Orroroo. This town is full of beautiful elders and intelligent new generation to brighten Australia. We invite you to visit our lovely peaceful and clean town anytime so you can see WHY we are trying very genuinely & sincerely to help our town to have Quality Water.

Humans need clean air, good food and quality water to go inside our body, same with you and everyone to have these things as part of life. Please share & support Orroroo town to have Quality Water to spending life as well.

"WE ALL NEED QUALITY WATER PLEASE."

Thanking for SA Water to making opportunities for us to sending our need to you directly. That is great open mind from your kindness.

Thank you so much for your kind support to Orroroo.

Respect & best regards,  
Cheera & Barry Moody and the family
