Subject: Orroroo water quality project

Hi, I am writing this email to appeal for the right of the town to have good usable water. I have 3 children and constantly live with the fear that the rainwater is going to run out. I have town water coming into the house to flush toilets, but that is all it is good for. Yet i pay the same amount for my water as anyone else who can actually drink their water – why should this be? I have to constantly repair the toilets as the town water ruins the fittings. It is not good enough. So please please give us good quality water that we can use.
regards Alison Sellwood, Orroroo.
