Subject: Seeking comment - Simplifying Annual Reporting Requirements for Minor and Intermediate Retailers - ESCOSA

The Essential Services Commission of South Australia (Commission) is seeking comment from all interested parties on draft changes to the reporting requirements for Minor and Intermediate Water Retailers set out in its Water Industry Guidelines. The aim of the changes are to assist the Commission in performing its regulatory functions and to reduce red tape for Minor and Intermediate Retailers. Your organisation is a licensed Minor or Intermediate Retailer of water and/or sewerage services under the *Water Industry Act 2012* so these changes will apply to you.

The Commission is responsible for the economic regulation of water and sewerage services provided by Minor and Intermediate Retailers and issues Water Industry Guidelines to specify reporting requirements in relation to performance monitoring, compliance and retail pricing matters.

The proposed changes aim to:

- Simplify and align the sign-off requirements for all annual reporting to the Commission.
- Streamline the price monitoring reporting requirements relating to compliance with the prescribed pricing principles.

Further details on the changes are attached or can be found on the Commission website.

Please contact Peter Lim or Richard Webster on 8463 4444 if you have any queries in relation to the proposals.

Written submissions on the Draft Decision should be provided by Friday 19 June, 2015.
