Application form for the issue of a licence by the Essential Services Commission of SA under the Water Industry Act 2012

Application Form

INFORMATION FOR APPLICANTS BEFORE FILLING OUT THIS FORM

Purpose of this form

This form is to be completed by persons making an application to the Essential Services Commission of South Australia (the **Commission**) for the issue of a licence to provide a retail service (or undertake any other activity for which a licence is required by the regulations) in the water industry in South Australia.

The Commission may consider joint applications from two or more persons who wish to hold a licence jointly. Persons making joint applications must ensure that each of the applicants completes a separate application form together with a covering letter explaining that the application is for a licence to be jointly held.

Basis for this form

Section 19(1) of the *Water Industry Act 2012* (the **Act**) provides that an application for the issue of a licence must be made to the Commission in a form approved by the Commission. This is the form approved by the Commission.

Use of this form and applicant's responsibility

For the purpose of this application form, a reference to the term "Officer" include the applicant's directors and secretary, and/or other persons who make or participate in making decisions that affect a substantial part of the business of the applicant (e.g. Chief Executive Officer, Chief Financial Officer, General Manager etc.).

Applicants should list the information requested in the spaces provided in this form and enclose additional information when required. Applicants must take all reasonable steps to ensure the information provided in the application form is complete, true and correct and are required to make a declaration to that effect. Failure to disclose information or misrepresent any matter relevant to such information may result in a licence not being issued or in the suspension or cancellation of a licence at a later time.

Applicants are responsible for providing the Commission with current, accurate and relevant information. This will ensure that the application is processed promptly and without delay. All applications are assessed on a case-by-case basis. If insufficient information is provided with an application, the Commission will request additional information to be submitted before the application is considered further. This may cause delays in the assessment of the application.

Prior reading

It is essential that licence applicants read the Commission's Water Bulletin – "*Licensing Arrangements for the Water Industry*" before they fill out this form. This Bulletin is available on the Commission's website www.escosa.sa.gov.au under water/licensing. Applicants should also familiarise themselves with the regulatory obligations set out in the Act and the Water Retail Code that will apply to entities that provide retail services.

Licence conditions

Section 25 of the Act requires the Commission to impose certain conditions in licences. The Commission strongly recommends that applicants review these mandatory conditions. Applicants must be familiar with the relevant conditions and be confident that they can comply with the conditions. The Commission will have regard to the scale and nature of the operations undertaken by an applicant in imposing these conditions and will be available to consult with an applicant in this regard.

Consultation and Confidentiality

The Commission will consult with relevant government, industry and consumer groups in the conduct of its licensing functions through a public consultation process. Consequently, applications and/or supporting information will be made available on the Commission's website and in hard copy from the Commission's office for this purpose.

If applicants believe that they are providing confidential information when completing this form they should write "this information is confidential" after any such information. It is the applicant's responsibility to ensure this is clearly highlighted on the form. Applicants should also provide a 'non-confidential' version of the form capable of publication on the Commission's website.

The Commission will use information supplied in applications and in support of applications in accordance with the requirements of Part 5 of the *Essential Services Commission Act 2002*. Applicants claiming confidentiality are encouraged to familiarise themselves with Part 5. Applicants should note that the Commission may be required to disclose confidential information in some circumstances.

Application Form

How to lodge an application

Applicants should send their completed application form in writing and electronically.

In writing to: Essential Services Commission of SA
 GPO Box 2605
 Adelaide SA 5001

Electronically to: licensing@escosa.sa.gov.au

Application fee

Applicants must also enclose an application fee (which is to be set by the Treasurer) with their application. This fee must be received by the Commission in cleared funds before it can commence assessing an application.

Annual licence fee

Holding a licence incurs an annual licence fee. The licence fees are set by the Treasurer, however, are collected by the Commission. At annual intervals, the Commission, on behalf of the Department of Treasury and Finance, will send to each licensee an invoice for the relevant annual licence fee. Licence fees are to be paid on receipt of an invoice via one of the payment options set out in the invoice.

A licence cannot be issued until the first annual licence fee has been paid.

1. THE APPLICANT

Applicants must answer all questions in this section.

1.1. Identity of applicant

State the full name of the applicant. The applicant should be the person/entity that will be providing a retail service (e.g. retail or distribution operations etc). The Commission can also consider joint applications from two or more persons who wish to jointly hold the licence. Joint applicants should each complete an application form, and submit their application forms at the same time, with a covering letter explaining that a joint application is being made.

2. THE LICENCE

Applicants must answer all questions in this section.

2.1. A detailed description of the retail services for which a licence is sought

For example:

Water: drinking- residential and/or non-residential;

Water: non-drinking – residential and/or non-residential;

Sewerage: residential and/or non-residential; and

Sewerage – trade waste – non-residential.

Applicants should provide detailed information in respect of where the retail services will be provided and to whom (i.e. type and number of customers)

1. **Water non drinking – residential and/or non residential**

Effluent reuse for irrigation ‘class C’ waters and the date palm grower in Stirling North of STEDS/CWMS Stirling North area. The Effluent waters are reused in accordance with Dept Health License for the 96 properties currently connected to the effluent system. This also involves annual reporting to Department Health (25/7/2007 – approval WCS2319.)

As it is, Council owns the STEDS/CWMS effluent system in the Stirling North area.

2. **EFFLUENT**

STEDS/CWMS Systems - Council has infrastructure throughout the City of Port Augusta for the 5 smaller systems it operates throughout the City (Port Augusta itself). The infrastructure only owned by the Council are the pipes that carry the effluent ONLY from the individual properties owned by the ratepayer into a SA Water sewer main (i.e. sewerage service) which ultimately ends up at the owned and operated SA water ponds . The infrastructure i.e. a few pumps and the pipes in the ground are the only points owned by Council. All the rest of the infrastructure is owned and operated by SA Water.

Current systems are 5 other smaller CWMS/STEDS systems that incorporate smaller sections of the City of Port Augusta itself. These areas are located throughout and within the City limits. i.e. within 5km of the PO.

3. TREATED SEWER WATER

Council operates a Water Treatment Plant that is licensed by SA Health and EPA to treat sewerage mined from SA Water mains to attain class “B” water for irrigation use. This water is used on Council public parks, Council gardens and Council playing fields under license. There is no charge to the ratepayer in this regard.

2.2. Date from which Licence is sought

If the applicant seeks to have the licence issued by a certain date, provide this date. Please note that the Commission does not undertake to issue the licence by this date. Applicants should usually allow the Commission a minimum of eight weeks to consider an application, as a public consultation period of several weeks forms part of the Commission’s consideration of licence applications.

As from 1/1/2013.

3. SUITABILITY OF APPLICANT TO HOLD A LICENCE

Applicants must answer all questions in this section.

3.1. Standard of honesty and integrity shown by applicant

In deciding whether the applicant is a suitable person to hold a licence, the Commission may:

- *consider the applicant’s previous commercial and other dealings, and*
- *the standard of honesty and integrity shown in those dealings.*

Please provide information that will assist the Commission in its consideration of this matter. If the applicant:

- *has been found guilty of any criminal offence,*
- *has been successfully prosecuted under any Territory, State or Commonwealth legislation (such as the Australian Securities and Investments Commission Act 2001 or the Competition and Consumer Act 2010); or*
- *has been the subject of disciplinary action,*
- *details of such matters must be disclosed. Failure to disclose such information or misrepresent any matter relevant to such information may result in the cancellation of a licence.*

The Commission may use the service of an external expert to assist with the assessment of the applicant’s standard of honesty and integrity.

The Council has not been convicted of any criminal offence. The Council has never been prosecuted under any State or Commonwealth legislation.

3.7. Financial resources available to the applicant

Provide information about the financial resources available to the applicant which provides sufficient evidence of the current and ongoing financial capacity of the applicant to effectively provide the relevant retail services (e.g. bank guarantees, credit history and business continuity arrangements).

If the applicant is a company, please enclose a copy of the audited (and Board approved) profit and loss statement and balance sheet for the previous two financial years, including the director's report and the audit opinion. If the applicant is a subsidiary company, please also provide a copy of the audited profit and loss statement and balance sheet of the applicant's parent company for the previous two financial years.

If an applicant is a local council, please enclose a copy of the audited profit and loss statement and balance sheet for the previous two financial years.

Applicants should also submit copies of business plans which detail the strategic direction of the applicant, including its objectives, identified opportunities in the market place and forecast results.

Please see

<http://www.portaugusta.sa.gov.au/page.aspx?u=901>

on Council webpage to access the above information as required. i.e. both the financial statements and also the budget and annual plans currently available.

In addition,

1. Financial statement 30/6/2011 attached

3.8. Human resources available to the applicant

Provide information about the human resources available to the applicant, for example, the number of employees and the experience of these employees in providing the services for which the licence is sought. If the applicant will employ contractor/s to assist with the licensed operations, please provide the name of that contractor/s, and details about the experience of the contractor/s in such operations and details of the processes in place to ensure the contractor/s will comply with the regulatory obligations imposed by the licence.

Council has various staff members available to complete the work as required with many years experience in the field of CWMS/STEDS and associated issues in this regard. In addition, Council has a septic tank desludging contractor – also EPA licensed -- for any works as required. Council always utilises internal labour and other external contractors to complete the works as required.

3.9. Technical resources available to the applicant

Applicants are asked to provide details about the availability of technical resources to be used in carrying out the services for which a licence is sought. The information should include details about the technically qualified staff available to the applicant and (if relevant) of experience gained in similar operations.

Applicants must also provide sufficient details of the systems and processes to be used to market and/or communicate with customers, to provide bills, to follow up payments and process customer move-ins and move-outs and deal with customer enquiries and complaints.

As per 3.8 above AND

BILLING DETAILS:

Service Charges for CWMS Schemes are declared annually pursuant to Section 155 of the Local Government Act. Service Charges declared pursuant to Section 155 are recoverable as if they are rate.

The charges are included on the Council rate notice. Rate-payers have the option to pay rates either annually or quarterly. If the quarterly payment option is chosen – quarterly notices are distributed at least 30 days before the instalment is due – instalments fall due in the months of September, December, March and June of the financial year for which the charge is declared. Quarterly instalments not paid by the due date will have a 2% fine added and an arrears notice issued – interest at a rate prescribed by the Local Government Act is added each month thereafter to overdue balances.

All complaints are lodged through the Council’s electronic Customer Complaint Register and recorded in Council’s electronic Records Management System.

See also complaint handling policy on Councils webpage.

3.10. Contracts

Applicants must provide reasonable evidence that they are able to meet reasonably foreseeable obligations under contracts for the sale and supply of water or the sale or supply of sewerage services (or both) as the case may be. Such contracts would include contracts whereby the applicant is reliant on a supply of water or specific sewerage service from a third party which is intends to on sell to its customers.

As per 2.1 above – Nil charge for the effluent reuse waters to the date palm user as part of the agreement and license from the Department Health as this agreement between the date palm user and the Council is ongoing in nature. All parameters are checked/sampled as per the license conditions. All details are as per the SA Health license and the agreement between the Council and the date palm user.

Treated sewerage for irrigation purposes is used mainly on Council assets with supply to Port Augusta Secondary School for irrigation of Braddock Park in accordance with agreement between Council and the school at NIL cost.

3.11. Suitable and appropriate infrastructure

The Commission may not issue a licence unless it is satisfied that the infrastructure to be used in connection with the relevant service is appropriate for the purposes for which it will be used. Applicants are therefore asked to provide a detailed description of the infrastructure that will be utilised by the applicant in providing the retail services for which the licence is sought and verify that the infrastructure has been (or will be) developed in accordance with relevant Australian Industry Codes and Australian Standards with reference to technical specifications or reports.

If an applicant does not own the infrastructure to be used in delivering the relevant retail services, the applicant must provide information regarding the appropriateness of that infrastructure and of the binding arrangements that are (or will be) in place with the owner of the infrastructure in regards to the use of the infrastructure.

Based on the specific codes and relevant standards of the time, Council can state that the infrastructure being owned (small pipework and pumps) managed by Council was installed and constructed in accordance with the relevant Australian Standards and Codes of the given time. Historically, Council took over an ageing system of STEDS/CWMS which were originally controlled by other Government Departments.....

3.12. Risk management

Provide confirmation and reasonable evidence that the applicant’s management has identified the risks associated with the retail services it intends to provide and has established, utilises and relies upon risk management systems and processes which are adequate, accurate and current to address those risks. A copy of the applicant’s risk management strategy should be submitted.

This Council is NOT providing retail services but is continuing to provide community services to its community. Council has successfully managed the risks

3.16. Compliance program

Applicants are required to submit a copy of their Compliance Program which details what compliance systems the applicant has (or will have) in place and a description of how these systems will ensure compliance with the applicable regulatory obligations imposed by a licence and the Water Retail Code. The Commission expects that a Compliance Program will, as a minimum, document:

Application Form

- *the obligations that will apply to the applicant;*
- *the processes that are (or will be) in place to ensure the applicant’s compliance with obligations;*
- *details on how compliance is monitored;*
- *details of how non-compliance will be reported and rectified; and*
- *details of any internal audit programs in place that review (or will review) the effectiveness of the Compliance Program from time to time.*

3.17. Additional information

The Commission encourages applicants to provide any additional information they consider would be of assistance in supporting the application. Please provide below.

Under the proposed regime, Council maybe required to pay the normal \$6,000 for the license. If we take these systems individually (for preference of Council) the license fees would be substantially less.

Council has approx 1460 connections to the STEDS/CWMS, including the ones at the Stirling North area currently being used for the reuse as detailed in 2.1 above.

As such, it is also noted that **if** Council in this instance was providing retail services as defined in the Water Industry Act 2012 -- as of the 30/6/2012, The Treasurers advice dated 31 August 2012 indicated that there would be NIL fees charged.

4. FACTORS SPECIFIED IN THE ESSENTIAL SERVICES COMMISSION ACT 2002

In considering a licence application, the Commission must have as its primary objective the protection of the long term interests of consumers with respect to the price, quality and reliability of essential services, and must also have regard to the need to:

- a) promote competitive and fair market conduct;*
- b) prevent misuse of monopoly or market power;*
- c) facilitate entry into relevant markets;*
- d) promote economic efficiency;*
- e) ensure consumers benefit from competition and efficiency;*
- f) facilitate maintenance of the financial viability of regulated industries and the incentive for long term investment;*
- g) promote consistency in regulation with other jurisdictions.*

If the applicant believes that information about their application would assist the Commission in its consideration of these factors, the applicant should provide such information below.

Most regional South Australian townships are provided with effluent services by local government in some form or another.

Councils did not 'choose' to become involved in the provision of wastewater services as historically this was the role of the South Australian Engineering and Water Supply (E&WS) and subsequently SA water under the Sewerage Act 1929. and of course there was the Department of Health involved up till 1995 before being handed over to Council.

From the early 1960's the State Government sought to encourage Councils to construct a cheaper form of communal drainage in regional towns based on linking existing septic tanks.

The then Local Government Act 1934 was amended to provide Councils with necessary powers to construct and charge for these schemes. Councils were provided with some financial subsidies and technical assistance originally by the Department of Health and subsequently by the Department of Local Government and the E&WS.

It must be pointed out that in regional areas the provision of an effluent system or provision of a CWMS/STEDS area was a public service provided by a Council

Application form for the issue of a licence by the Essential Services Commission of SA under the Water Industry Act 2012

Application Form

when the State Governments water utility was unwilling to do so, presumably on the basis of scale and economic considerations.

It should be noted that the State Governments water security plan, ‘ Water for Good’ sets ambitious targets for the harvesting and recycling of stormwater in the greater Adelaide and Regional Areas. The vast majority of stormwater harvesting is undertaken by Councils and it would be a perverse policy outcome if Councils were confronted with such a regulatory regime which created disincentives for harvesting, recycling and sale of stormwater resources.

Care should be taken to ensure that where Councils are involved in CWMS / STEDS (ultimately EFFLUENT operations - as in Port Augusta) or stormwater harvesting and recycling projects, which include the sale of water resources, that regulation by ESCOSA is commensurate with the scale of the scheme and that there is no further duplication.....
