## INFORMATION FOR APPLICANTS BEFORE FILLING OUT THIS FORM

### *Purpose of this form*

This form is to be completed by persons making an application to the Essential Services Commission of South Australia (the **Commission**) for the issue of a licence to provide a retail service (or undertake any other activity for which a licence is required by the regulations) in the water industry in South Australia.

The Commission may consider joint applications from two or more persons who wish to hold a licence jointly. Persons making joint applications must ensure that each of the applicants completes a separate application form together with a covering letter explaining that the application is for a licence to be jointly held.

### *Basis for this form*

Section 19(1) of the *Water Industry Act 2012* (the **Act**) provides that an application for the issue of a licence must be made to the Commission in a form approved by the Commission. This is the form approved by the Commission.

### *Use of this form and applicant's responsibility*

For the purpose of this application form, a reference to the term "Officer" include the applicant's directors and secretary, and/or other persons who make or participate in making decisions that affect a substantial part of the business of the applicant (e.g. Chief Executive Officer, Chief Financial Officer, General Manager etc.).

Applicants should list the information requested in the spaces provided in this form and enclose additional information when required. Applicants must take all reasonable steps to ensure the information provided in the application form is complete, true and correct and are required to make a declaration to that effect. Failure to disclose information or misrepresent any matter relevant to such information may result in a licence not being issued or in the suspension or cancellation of a licence at a later time.

Applicants are responsible for providing the Commission with current, accurate and relevant information. This will ensure that the application is processed promptly and without delay. All applications are assessed on a case-by-case basis. If insufficient information is provided with an application, the Commission will request additional information to be submitted before the application is considered further. This may cause delays in the assessment of the application.

### *Prior reading*

It is essential that licence applicants read the Commission's Water Bulletin – "*Licensing Arrangements for the Water Industry*" before they fill out this form. This Bulletin is available on the Commission's website [www.escosa.sa.gov.au](http://www.escosa.sa.gov.au) under water/licensing. Applicants should also familiarise themselves with the regulatory obligations set out in the Act and the Water Retail Code that will apply to entities that provide retail services.

### *Licence conditions*

Section 25 of the Act requires the Commission to impose certain conditions in licences. The Commission strongly recommends that applicants review these mandatory conditions. Applicants must be familiar with the relevant conditions and be confident that they can comply with the conditions. The Commission will have regard to the scale and nature of the operations undertaken by an applicant in imposing these conditions and will be available to consult with an applicant in this regard.

### *Consultation and Confidentiality*

The Commission will consult with relevant government, industry and consumer groups in the conduct of its licensing functions through a public consultation process. Consequently, applications and/or supporting information will be made available on the Commission's website and in hard copy from the Commission's office for this purpose.

If applicants believe that they are providing confidential information when completing this form they should write "this information is confidential" after any such information. It is the applicant's responsibility to ensure this is clearly highlighted on the form. Applicants should also provide a 'non-confidential' version of the form capable of publication on the Commission's website.

The Commission will use information supplied in applications and in support of applications in accordance with the requirements of Part 5 of the *Essential Services Commission Act 2002*. Applicants claiming confidentiality are encouraged to familiarise themselves with Part 5. **the Gladstone High School with Council offsetting the cost of supplying this pre-treated waste water with an agreed amount per kilolitre for pre-treated waste water.**

**Pre-treated waste water is returned to recreational facilities in Jamestown (Victoria Park Oval and Lawn Tennis Courts), currently at no cost to both organisations.**

**Pre-treated waste water is also provided at no cost to the Laura Oval with provision to extend the system to the Laura Caravan Park and Laura Parklands.**

**Council sought and was successful in obtaining grant funding for and contributed from its own rate revenue to all three schemes to provide quality pre-treated waste water to recreational sporting surfaces on Council owned land.**

**The supply and delivery of this pre-treated waste water to these sites has reduced the reliance on mains water. The cost of mains water to the various sporting organisations was prohibitive and the pre-treated waste water has ensured that the surfaces at these recreational facilities are able to be maintained within very limited budgets.**

**Council has not sought to profit from these facilities but where possible cover costs associated with operating waste water pre-treatment schemes and provide the end user with an alternative water supply.**

Item: Water Industry Act Licence application

**Discussion:**

From 1<sup>st</sup> January 2013, any person or entity providing "water retail services" to South Australian customers is required to be licensed by the Essential Services Commission of SA.

In accordance with sections 19 and 24 of the Water Industry Act 2012, Council is required to complete a licence application for the Gladstone, Laura and Jamestown Community Wastewater Management Scheme to the Essential Services Commission of SA for a retail services licence.

This licence is required as Council is supplying and selling pre-treated waste water to the Gladstone High School and provides a sewerage service to Gladstone, Laura and Jamestown townships through the Community Wastewater Management Scheme.

The licence application form has been completed and requires Council resolution delegating Chief Executive Officer to sign the application form for the issue of a licence by the Essential Services Commission of SA under the Water Industry Act.

The annual licence fee is based on the number of property connections in Gladstone, Laura and Jamestown, and will be not less than \$6,000 per annum. The application is only required to be completed once but may require some additional information at the time of the annual renewal. The licence fee will be paid from Council's CWMS reserve fund.
